

CONVEY TIDINGS TO CANDIDATES

Senator Advised at Ohio Home and Governor Officially Informed in Massachusetts.

The State.
Washington, June 21.—Senator Harding will be formally notified of his nomination as the Republican presidential candidate July 22 at his home in Marion, Ohio.

Governor Coolidge of Massachusetts will be notified of his nomination by the Republican party for vice president, July 27 at his Northampton home.

The dates for the two notification ceremonies were decided today at a conference here in which Senator Harding, National Chairman Hays and a subcommittee of the Republican national committee participated.

The conference at its session which lasted all day and into the early night also agreed on an executive committee to have general charge of the campaign but its personnel will not be made public until tomorrow in order to permit Chairman Hays to communicate with the proposed members and ascertain whether they will be willing to serve. It was understood that among the members appointed was Harry M. Daugherty of Columbus, Ohio, pre-convention manager for Senator Harding.

Chairman Hays in a formal statement said:

"Senator Harding possesses just those vital qualities of mind and heart—necessary today and in the time just ahead. His poise of mind, his soundness of judgment, his hold on fundamentals, his appreciation of the needs of today and of tomorrow, his love of the people from whom he came and of whom he is one, and his faith in them, his magnificent grasp of large affairs, his great native ability and his training in statesmanship, his regard for the opinion of others, his experience and success in the handling of men, his proper appreciation of his country's position as a responsible factor in the world's future, but with the fullest realization of the absolute importance of our own supreme nationalism, his sterling Americanism, his righteous character and manhood, and with his thorough humanness, all qualify him in the most exceptional degree for the tremendous responsibilities which will soon be his. He will make a splendid candidate and a great president. The country will love him, honor him, trust him and follow him just as all who know him love and trust him, and the world will honor him.

"Too, in Governor Coolidge, we have a candidate for vice president that measures up to every requirement of a presidential candidate. Fortunate indeed is the country."

Mr. Hays said he approved of the "front porch campaign" idea for presidential candidates.

Prior to his conference with the national committee members, Mr. Harding held conferences with Senator Kellogg of Minnesota; former Senator Beveridge of Indiana, a former Progressive leader; former Marion Butler of North Carolina, and Judge Peter C. Pritchard, who received the vote of the North Carolina delegation in the Chicago convention for the presidential nomination. All pledged their support in the campaign. Senator Smoot paid the nominee a farewell visit before leaving for his home.

DOMINICK LEAVES SCHOOLS OF GREER

Efficient Superintendent Accepts Place as Chief State Examiner for Teachers.

The State.
Greer, June 21.—Prof. H. B. Dominick, for the past nine years superintendent of the Greer school system, has tendered his resignation, effective at once, to become chief examiner under the recently enacted school law. Professor Dominick will leave Greer within the next few days to take up his new duties and will have his headquarters in Columbia. He plans to leave his family in Greer for the present, but will probably move them to Columbia about September 1.

By the terms of the new school law teachers' examinations will be conducted under state supervision instead of county supervision, as formerly, and as chief of the examining board Professor Dominick has one of the most important positions in the state, the examinations of more than 9,000 teachers passing through his hands.

Professor Dominick, coming to Greer in 1911, has worked unceasingly for the upbuilding of the local graded school system and has seen it grow from a school with only 100 or so pupils to its present enrollment of over 800. It is largely through his efforts that Greer will next year have what will be perhaps one of the most modern and up to date graded school buildings in the state. The bonds for this building have been voted, which, together with \$50,000 donated by the late D. D. Davenport, will provide the funds for this building.

Universal regret at Professor Dominick's departure is expressed in Greer and he carries with him the best wishes of the entire community for his success in his new work.

FIERCE FIGHT OVER LIQUOR IS EXPECTED

Prominent Democrats Expect Beer Talk to Be Brought to Convention Floor.

San Francisco, June 21.—With the opening of the Democratic national convention a week away, a stir of activity was noticeable about hotel headquarters today, in addition to the preliminary work at the auditorium, where the delegates will gather. It took the form of informal discussion between national committee members and state leaders already on the ground, devoted chiefly to anticipated struggles with platform

building. There was virtually no talk as to presidential candidates. A plain intimation ran through a current of platform talk that proposals to modify the federal prohibition enforcement act were expected by some of the Democratic war horses to share honor with, if not to eclipse the league of nations issue.

States' Rights Discussed.

Nobody had any direct statement to make nor would anybody talk for publication. Some of the men who will have a hand in shaping the party's declaration of principles, however, talked much privately of a popular demand that the question of states' rights should apply to beer restrictions.

Taken in connection with the announced purpose of William J. Bryan to resist any weakening of prohibition enforcement measures, talk brought to the surface the feeling of a fierce battle on the point in the resolutions committee was not to be avoided. They believed also that ultimately the question would be fought out on the convention floor.

Discussions of the plank apparently awaited the arrival of Senator Glass of Virginia, slated to head the resolutions committee, and coming direct from a conference with President Wilson. The contest over the league issue already has been sharply defined in the conflicting views of the president and Mr. Bryan.

Colby or Walsh.

The name of Senator Walsh of Montana was injected into the discussion today of the probable permanent chairman of the convention. The Montana senator was mentioned by a number of leaders in a tentative way, although others said they believed Secretary Colby, of the state department, would be the man urged by administration forces, despite his statement that he was not a candidate for the post.

No delegations have put in an appearance yet except for a state leader here and there coming ahead to arrange accommodations for his associates and to look over the ground and pick up ideas from men from other sections of the country. There is little about the city as yet to indicate that it is to play host to its first national political convention next week. The wires were busy during the day, however, with reports of delegations getting under way from the Eastern seaboard and every arriving train added to the group of figures in Democratic circles slowly assembling about headquarters of the national committee.

Thousands to Attend.

The State.
Greenville, June 21.—One thousand Baptists from all parts of the state are expected to gather in Greenville on June 28, a week from today, to attend the first annual Baptist state Sunday school convention, which will be held in the First Baptist church here. Delegates to the convention will be housed in the Greenville Woman's college and local hotels.

The Sunday school convention is the first of a number of Baptist gatherings which will continue through July 9 and will make Greenville the mecca of members of this denomination.

WE'RE ready for the Glorious Fourth. Are you? Come in and let us give you an Independence Day musical program,—a vivid suggestion of how to make the Fourth a day of finer meaning in your home. We'll send a New Edison to your home—together with a fine group of patriotic selections.

The NEW EDISON
"The Phonograph with a Soul"

Our Budget Plan will turn your "fireworks" money into a first payment. It will make similar economies provide the balance. It's a systematic thrift idea.

Why throw your money into the air on the Fourth? Isn't it a finer patriotism, a bigger family policy, to spend it on music—good music? What's a Fourth without music?

The thrill in those grand, old airs of the Republic! The exultation! The memories! The ringing pledge!

All these and more—have been given life by the soaring art and the fervid hearts of great artists!

All these and more are RE-CREATED for you by the marvelous realism of the New Edison.

The perfect realism of the New Edison was proved again in an astonishing test made March 10, 1920, at Carnegie Hall, New York City. Anna Case, world-famed soprano, matched her voice directly against its RE-CREATION by the New Edison. During the test, the lights went out. The audience, in the darkness, could not tell whether Anna Case was singing or whether the New Edison was RE-CREATING her voice.

You can experience the New Edison's supreme realism for yourself. Come in and let us give you Mr. Edison's Realism Test.
